NOTE: Abstract Index follows Author Index

### A

#### **Accommodation**

Changes of ocular aberration with accommodation, 924

#### **Acetazolamide**

Effect of acetazolamide on ocular hemodynamics in pseudotumor cerebri associated with inflammatory bowel disease, 778

#### **Acquired immunodeficiency syndrome**

Coinfection of the retina by Epstein-Barr virus and cytomegalovirus in an AIDS patient, 275

Ocular and central nervous system paracoccidioidomycosis in a pregnant women with acquired immunodeficiency syndrome, 456

#### **Acute lymphocytic leukemia**

Bilateral optic disk edema and blindness as initial presentation of acute lymphocytic leukemia, 141

#### **Acute zonal occult outer retinopathy**

Acute zonal occult outer retinopathy: a long-term follow-up study, 329

#### **Adaptive vertical vergence**

Contribution of vergence adaptation to difference in vertical deviation between distance and near viewing in patients with superior oblique palsy, 252

#### **Adenoviral keratoconjunctivitis**

Adenovirus detected by polymerase chain reaction in multidose eyedrop bottles used by patients with adenoviral keratoconjunctivitis, 618

#### **Adenovirus**

Adenovirus detected by polymerase chain reaction in multidose eyedrop bottles used by patients with adenoviral keratoconjunctivitis, 618

#### **Adrenal lymphoma**

Primary adrenal lymphoma with choroidal metastases, 775

#### **Adult T-cell leukemia**

Intraocular infiltration of adult T-cell leukemia, 616

#### **Adult-onset foveomacular vitelliform dystrophy**

Optical coherence tomography findings in adult-onset foveomacular vitelliform dystrophy, 684

#### **Afferent pupillary defect**

Detection of a relative afferent pupillary defect, 142

#### **Age-related macular degeneration**

Detachment of subfoveal choroidal neovascularization in age-related macular degeneration, 822

Impact of graphical user interface screen features on computer task accuracy and speed in a cohort of patients with age-related macular degeneration, 857

Inferior limited macular translocation for subfoveal choroidal neovascularization secondary to age-related macular degeneration: 1-year visual outcome and recurrence report, 69

## ABSTRACT INDEX

### A

#### **Acanthamoeba**

Viability of *Acanthamoeba* after exposure to a multi-purpose disinfecting contact lens solution and two hydrogen peroxide systems, 639

#### **Age-related macular degeneration**

Alu DNA polymorphism in ACE gene is protective for age-related macular degeneration, 940

Intravenous triamcinolone in subfoveal recurrence of choroidal neovascularization after laser treatment in macular degeneration, 795

Visual function after removal of subretinal neovascular membranes in patients with age-related macular degeneration, 940

#### **Age-related maculopathy**

Vitamin E supplementation and macular degeneration randomized controlled trial, 940

#### **Alu DNA polymorphism**

Alu DNA polymorphism in ACE gene is protective for age-related macular degeneration, 940

#### **Amblyogenic factors**

Sensitivity of photoscreening to detect high-magnitude amblyogenic factors, 479

#### **Anesthesia**

Comparison of articaine and bupivacaine/lidocaine for peribulbar anesthesia by inferotemporal injection, 943

Long-term endothelial cell loss after phacoemulsification: peribulbar anesthesia versus intracameral lidocaine 1%, 476

#### **Angiotensin converting enzyme**

Alu DNA polymorphism in ACE gene is protective for age-related macular degeneration, 940

#### **Antineutrophil cytoplasmic antibodies**

Using antineutrophil cytoplasmic antibody testing to diagnose vasculitis. Can test-ordering guidelines improve accuracy?, 796

#### **Articaine**

Comparison of articaine and bupivacaine/lidocaine for peribulbar anesthesia by inferotemporal injection, 943

#### **Astigmatism**

Visual acuity and astigmatism after eccentric penetrating keratoplasty—a retrospective study on 117 patients, 942

#### **Atopic blepharitis**

FK 506 ointment 1%—A new therapeutic option for atopic blepharitis. Clinical trials with 14 patients, 157

#### **Autologous serum eyedrops**

Autologous serum eyedrops for dry eyes and epithelial defects: clinical and in vitro toxicity studies, 156

### B

#### **Beta blockers**

Co-prescribing of medications used to treat obstructive lung disease, congestive heart failure, and depression among users of topical beta blockers: estimates from three US Veterans Affairs Medical Centers, 795

### Biomedical research

Future of biomedical research. From the inventory of genes to understanding physiology and the molecular basis of disease, 305

#### **Biopsy**

Effect of prior steroid treatment on temporal artery biopsy findings in giant cell arteritis, 795

#### **Blepharitis**

FK 506 ointment 1%—A new therapeutic option for atopic blepharitis. Clinical trials with 14 patients, 157

#### **Blepharospasm**

Botulinum toxin improves lid opening delays in blepharospasm-associated apraxia of lid opening, 939

#### **Botulinum toxin**

Botulinum toxin improves lid opening delays in blepharospasm-associated apraxia of lid opening, 939

Sudomotor testing predicts the presence of neutralizing botulinum A toxin antibodies, 939

#### **Bupivacaine and lidocaine**

Comparison of articaine and bupivacaine/lidocaine for peribulbar anesthesia by inferotemporal injection, 943

### C

#### **Cancer**

Cancer metastatic to the orbit: The 2000 Robert M. Curts Lecture, 156

#### **Carotid artery occlusion**

Venous stasis retinopathy in symptomatic carotid artery occlusion: prevalence, cause, and outcome, 155

#### **Carotid occlusive disease**

Retina and optic nerve degeneration after chronic carotid ligation. Time course and role of light exposure, 479

#### **Cataracts**

Clinical outcomes of pars plana capsulotomy with anterior vitrectomy in pediatric cataract surgery, 941

Prospective, case-controlled study of the natural history of diabetic retinopathy and maculopathy after uncomplicated phacoemulsification cataract surgery in patients with type 2 diabetes, 308

#### **Cavernous sinus dural arteriovenous malformations**

Bilateral orbital signs predict cortical venous drainage in cavernous sinus dural AVMs, 641

#### **Cerebrum**

Cerebral white matter lesions, retinopathy, and incident clinical stroke, 797

Ptosis in patients with hemispheric strokes, 158

#### **Chemotherapy**

Efficacy of induction chemotherapy in retinoblastoma, alone or combined with other adjuvant modalities, 642

#### **Children**

Clinical outcomes of pars plana capsulotomy with anterior vitrectomy in pediatric cataract surgery, 941

Field-specific visual evoked potentials. Identifying field defects in vigabatrin-treated children, 478

Photorefractive keratectomy in children, 798

## **Choroidal neovascularization**

Intravenous triamcinolone in subfoveal recurrence of choroidal neovascularization after laser treatment in macular degeneration, 795

## **Chromatic blur**

Imperfect optics may be the eye's defense against chromatic blur, 941

## **Ciliary body**

Efficacy of latanoprost is independent of the width of the ciliary body face, 642

## **Circadian clock**

How the brain's clock gets daily enlightenment, 154

Phototransduction by retinal ganglion cells that set the circadian clock, 154

## **Clinical studies**

Retinal arteriolar narrowing and risk of coronary heart disease in men and women: The Atherosclerosis Risk in Communities Study, 305

## **Clinical trials**

Controlled trial of valganciclovir as induction therapy for cytomegalovirus retinitis, 305

Vitamin E supplementation and macular degeneration randomised controlled trial, 940

## **Comorbidity**

Quality of life and systemic comorbidities in patients with ophthalmic disease, 796

## **Conjunctiva**

Ocular surface changes induced by contact lens wear, 156

## **Contact lens**

Ocular surface changes induced by contact lens wear, 156

Viability of *Acanthamoeba* after exposure to a multi-purpose disinfecting contact lens solution and two hydrogen peroxide systems, 639

## **Context-enabled learning**

Context-enabled learning in the human visual system, 155

## **Corneal transplantation**

Abnormal diffusion-weighted magnetic resonance imaging in Creutzfeldt-Jakob disease following corneal transplantations, 477

## **Coronary heart disease**

Retinal arteriolar narrowing and risk of coronary heart disease in men and women: The Atherosclerosis Risk in Communities Study, 305

## **Corticosteroids**

Effect of prior steroid treatment on temporal artery biopsy findings in giant cell arteritis, 795

## **Creutzfeldt-Jakob disease**

Abnormal diffusion-weighted magnetic resonance imaging in Creutzfeldt-Jakob disease following corneal transplantations, 477

## **Crumbs**

Crumbs, the *Drosophila* homologue of human CRB1/RP12, is essential for photoreceptor morphogenesis, 479

## **Cytomegalovirus retinitis**

Controlled trial of valganciclovir as induction therapy for cytomegalovirus retinitis, 305

### **Devic's neuromyelitis optica**

Devic's neuromyelitis optica: clinical, laboratory, MRI and outcome profile, 642

Role for humoral mechanisms in the pathogenesis of Devic's neuromyelitis optica, 797

### **Diabetes mellitus**

Effect of intensive therapy on the microvascular complications of type 1 diabetes mellitus, 641

Prospective, case-controlled study of the natural history of diabetic retinopathy and maculopathy after uncomplicated phacoemulsification cataract surgery in patients with type 2 diabetes, 308

Retinal arteriolar narrowing and risk of diabetes mellitus in middle-aged persons, 640

### **Diabetic retinopathy**

Prospective, case-controlled study of the natural history of diabetic retinopathy and maculopathy after uncomplicated phacoemulsification cataract surgery in patients with type 2 diabetes, 308

### **N,N-Diethyl-3-methylbenzamide**

Comparative efficacy of insect repellents against mosquito bites, 941

### **Driving**

Visual impairment and driving restrictions, 306

### ***Drosophila melanogaster***

Crumbs, the *Drosophila* homologue of human CRB1/RP12, is essential for photoreceptor morphogenesis, 479

### **Dry eyes**

Autologous serum eyedrops for dry eyes and epithelial defects: clinical and in vitro toxicity studies, 156

### **Duplex ultrasonography**

Is duplex ultrasonography useful for the diagnosis of giant cell arteritis?, 941

### **Dyslexia**

Dyslexia-specific brain activation profile becomes normal following successful remedial training, 477

## **E**

### **Elderly**

Microarray analysis of gene expression in the aging human retina, 799

### **Endothelial cells**

Long-term endothelial cell loss after phacoemulsification: peribulbar anesthesia versus intracameral lidocaine 1%, 476

### **Epikeratoplasty**

Deep lamellar keratoplasty: surgical techniques for anterior lamellar keratoplasty with and without baring of Descemet's membrane, 480

### **Ethnicity**

Skin of color: biology, structure, function, and implications for dermatologic disease, 306

## Eyedrops

Autologous serum eyedrops for dry eyes and epithelial defects: clinical and in vitro toxicity studies, 156

## Eyelids

Botulinum toxin improves lid opening delays in blepharospasm-associated apraxia of lid opening, 939

## F

### Fellowships

Subspecialty fellowship training program director: essentials and expectations, 640

### FK 506

FK 506 ointment 1%—A new therapeutic option for atopic blepharitis. Clinical trials with 14 patients, 157

## G

### Gene expression

Microarray analysis of gene expression in the aging human retina, 799

### Giant cell arteritis

Effect of prior steroid treatment on temporal artery biopsy findings in giant cell arteritis, 795

Is duplex ultrasonography useful for the diagnosis of giant cell arteritis?, 941

## H

### Headache

Trochleitis and migraine headache, 477

### *Helicobacter pylori*

Eradication of *Helicobacter pylori* may be beneficial in the management of chronic open-angle glaucoma, 639

### Hematopoietic stem cells
